

THE HIVE

Our Place on Earth

INVITATION TO JOIN US
for a magical 3 day experience

2 - 4 July The Quadrangle Kent

THE HIVE

JOIN US

For a special multimedia gathering exploring reconnection and healing, cultivating exchanges of knowledge, imagination, empowerment and connection.

Join us to awaken deeper relationships with the earth, through creative expression.

For 3 days we will occupy an installation of The Hive and playfully move between workshops, talks, ceremony, performance and a range of fire side, river side and land based experiences.

We will gather with The Hive and the exhibition to explore: how to love, how to care, how to grieve, how to feel joy, how to heal, how to come back home to our nature. Allowing the symbol of the bee to inspire notions of collectivity and our role as change-makers to pollinate and spread the energy of hope.

Places are available to join us for camping, to join for the day or to support us to hold the space by becoming a householder.

Our Place on Earth

Produced and curated by Fourthland,
in collaboration with 16 international artists:

Patricia Brien
Magi Winmill-Hermann
Sarah Dark
Jessica Eichman
Annabie Daly
Cat Rogers
Aga Tamiola
